

## **Become a Patron of Scottish Student Sport**

SSS Patrons are committed to the success of student sport in Scotland. Please join this special group of people and through your regular support help secure a positive future of our young people. Students enter our tertiary education establishments at key life stages where new activities are discovered and adult habits formed.

With approximately 600 000 students in Scotland, Scottish Student Sport is in a unique position to offer businesses the opportunity to actively engage with the student audience.

Scottish Student Sport (SSS) was formally created in June 2011 as a partnership between the sports related units within Colleges and Universities across the country.

The member institutions of SSS represent in excess of 500 sports clubs, 50,000 staff and 600,000 students and the new organisation will be able to provide integrated opportunities for increasing numbers to take part in an activity they love.

Through Scottish Student Sport this huge population can enjoy equality of access to well over 100 sport and physical activity events throughout the Academic Year. We also provide a whole host of member and network services to support excellence in the sector and champion the role of student sport in Scotland and beyond.

Your donation will go towards helping further develop sport for the whole student population, engaging and re-engaging a wider variety of people and keeping costs to a minimum for the participants. At SSS we are working towards a vision of our student population maturing into healthy, active, happy, adults, able to fulfil their potential.

To become a Patron of Scottish Student Sport please download our joining form or to discuss this opportunity in more detail please contact:
